

DRAIN CONNECTORS

Please note: Save this instruction sheet for future reference
IMPORTANT: DO NOT use plumber's putty to seal this fitting

DRAIN CONNECTORS

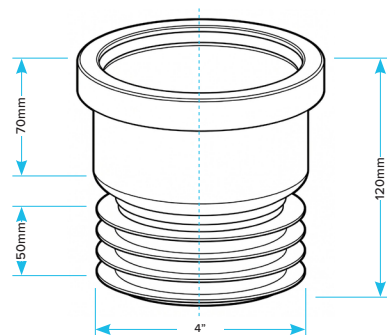

- 1 The Boss Connectors are suitable for low level connections from a basin, bath, shower tray or stub stack installation where the invert level is no more than 1.3m to the invert level of the underground drainage.
- 2 The Boss Connector should only be installed in single storey properties at floor level.
- 3 The Boss Connector should not be installed in two storey or high rise installations.
- 4 For ease of fitting we would recommend using a water based lubricant on both the inlet and outlet rubber seals.
- 5 On completion of installation test in accordance with current British Standard guidelines.

DRAIN CONNECTOR REDUCERS/BLANKS

- 1 For ease of fitting we would recommend using a water based lubricant on both the inlet and outlet rubber seals.
- 2 On completion of installation test in accordance with current British Standard guidelines.

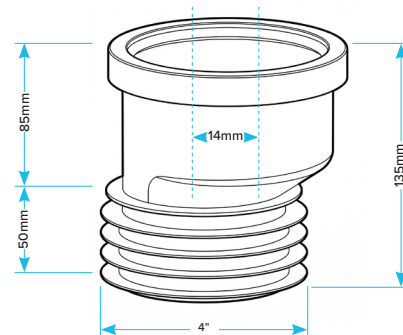

4" Straight Drain Connector

Product Code: DC01B/DC01G

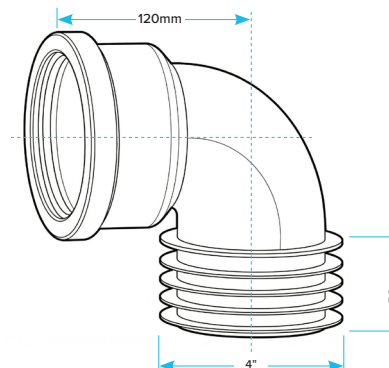

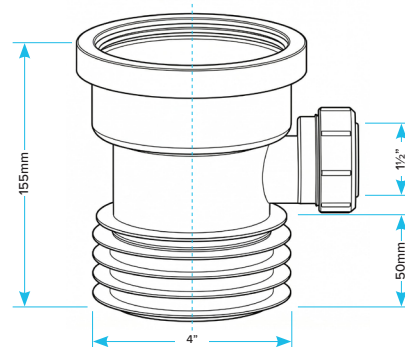

4" Offset Drain Connector

Product Code: DC02B/DC02G

4" Straight 1/2" Boss Drain Connector

Product Code: DC03B/DC03G

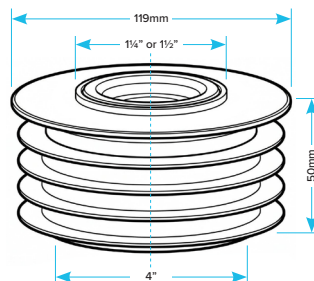

4" 90 Angle Drain Connector

Product Code: DC04B/DC04G

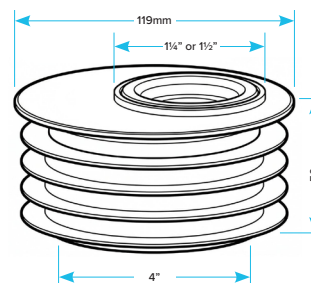

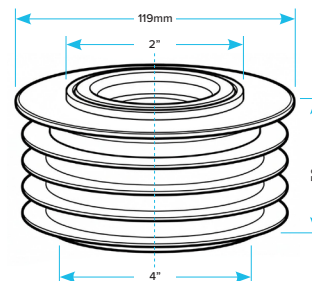

1/4" or 1/2" Drain Connector Reducer

Product Code: DW01

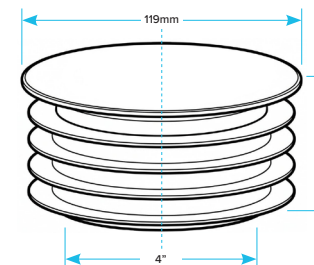

2" Drain Connector Reducer

Product Code: DW02

1/4" or 1/2" Offset Drain Connector Reducer

Product Code: DW03

4" Drain Connector Blank

Product Code: DW05

WARNING

We accept no liability for products fitted incorrectly, and where the correct testing procedures have not been used, resulting in the escape of water.
